

UNVEILING THE VIRTUE OF GREAT URBAN PLACES IN ASIA

May – October 2021

Introduction

- In the modern and fast pace live we are currently experiencing, many young are losing their identity and understanding of traditional values, wisdom, and cultural connections. Even though modernization and the use of technology have brought a lot of benefits, appreciating and keeping old values and wisdom, as well as preserving and celebrating their uniqueness seems important for living in harmony and balance.
- ITS Indonesia and SIT Japan hand-in-hand initiate *Unveiling the Virtue of Great Urban Places in Asia* program. Led by the great mind of Prof. Shunji Suzuki in *Great Urban Places in Asia*, participants of this program will be guided to sense and reflect the values of various great urban places in Asia so that we do not see those places as musty and unpleasant, but rather places with values behind them.

Program Overview

- From urban planning and architecture understanding, we are going to dive deeper into something intangible. We are going to explore something beyond the cities and buildings, it is what we called a virtue. There is history, culture, value, wisdom, people connection, economic struggle, sustainability, and many stories behind those physical things that need to be aware of. From this self-reflection, we can have a better understanding of life and the surroundings.
- Detailed of the program:
 - Participants: 150 at maximum, open for public
 - Day: Saturday
 - Date: May 8, Jun 12, Jul 10, Aug 14, Sep 11, Oct 9
 - Time: 12.30 - 15.00 (GMT +7)

Virtual Exhibition

- Participants as an individual or in group are invited to explore urban places around their homes and reflect on history, culture, value, wisdom, people connection, economic struggle, sustainability, and else to get the “sense of place”.
- The findings that could be reflected in artwork such as:
 - Sketches/drawing
 - Poems/song
 - Photos/short video
 - Other media
- Virtual Exhibition will be conducted through:
 - ITS Global Engagement (GE)’s IG
 - ITS Global Engagement (GE)’s youtube channel
 - ITS Global Engagement (GE)’s Facebook
- Participants asked to invite peers to visit the virtual exhibition
