Mobile Development

Internet of Things

Big Data

Information Management

Virtual Reality

Gameplay Engineering

Business Innovation with ICT

Blockchain

Applied Quantum Computing

How is a semester build up?

- You follow the whole semester programme: 27-30 ECTS
- Courses and a project
- Study guides via the links
- Guides for 2021-2022 from April

Programme	Autumn 2021	Spring 2022
Mobile Development	•	•
Big Data	•	•
Internet of Things	•	•
Information Security	•	•
Gameplay Engineering*	•	•
Virtual Reality	•	•
Applied Quantum Computing	•	•
Makerslab	•	•
Business Innovation with ICT		•
Blockchain	•	•

*Students need to have advanced skills in Game Design and patterns and practices in Game Engineering.

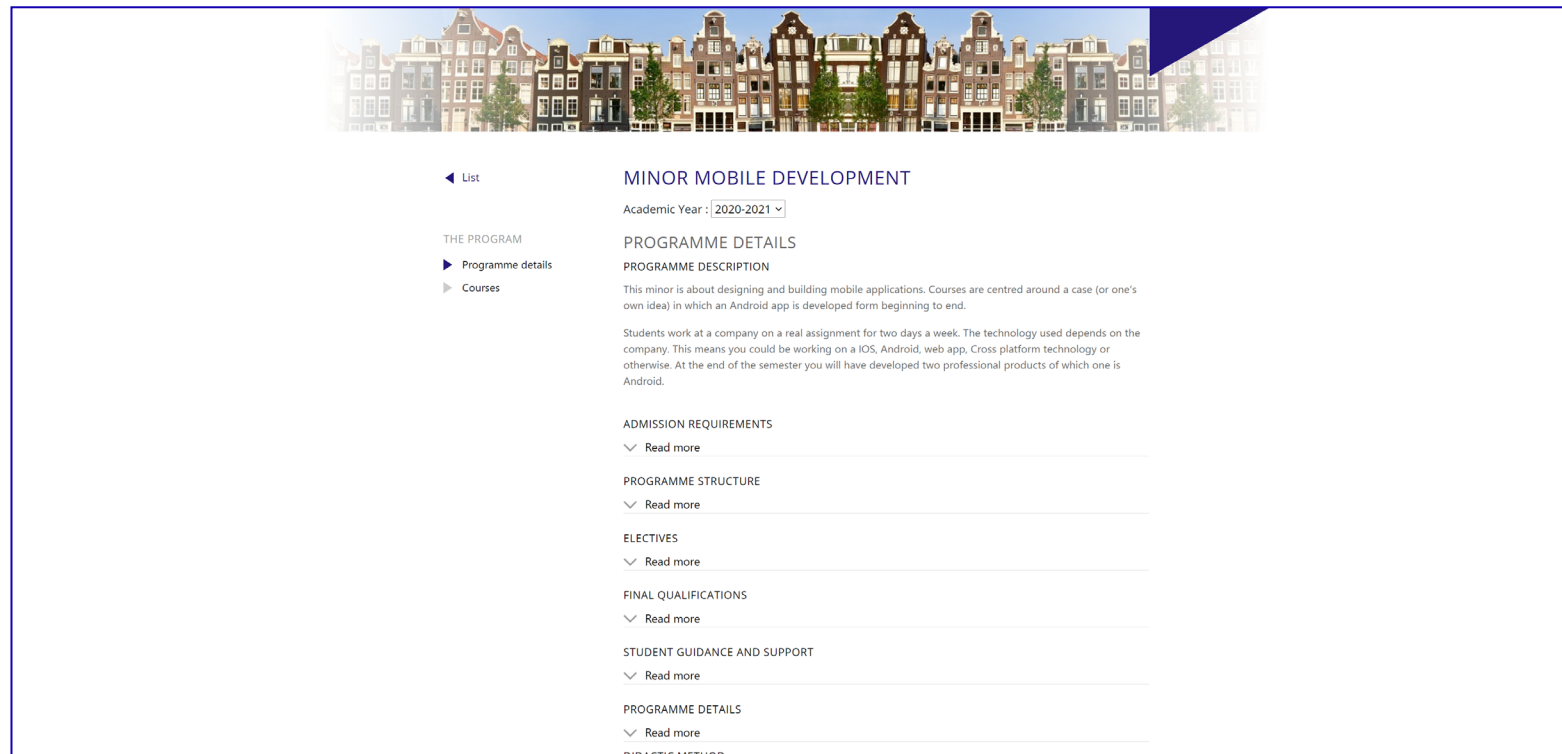

Next to the compulsory courses and project in your thematic semester you can optionally take one or more of the following courses:

- [Survival Dutch](#)
- [English: Communicating like a Pro](#)
- [Intercultural Skills](#)

Please Note:

1. Students must be there from the very beginning to the very end of the semester
2. The semester programme has to be taken as a whole as it is a coherent package
3. Programming skills are required for all semesters
4. You need to upload your CV and transcript in our enrolment system (below) in order for us to check if your background matches your choice.
5. AFTER acceptance, we will change your application from pending to enrolled in our system. If you cannot be accepted, you will be informed as well.
6. Students must be prepared to do team work during the whole semester
7. Students in the Mobile Development semester will do a project in a company for two days a week. Travel costs might be incurred and have to be paid by the students themselves.
8. The following electives are offered to exchange students in order to earn 30 ECTS: Survival Dutch (2 ECTS), Intercultural Skills (2 ECTS), English: Communicating like a Pro (2 ECTS)

Exchange Catalogue

The screenshot displays the 'MINOR MOBILE DEVELOPMENT' page. At the top, there is a header image of a row of colorful Dutch canal houses. Below the image, a navigation menu on the left includes 'List', 'THE PROGRAM', 'Programme details', and 'Courses'. The main content area is titled 'MINOR MOBILE DEVELOPMENT' and includes a dropdown for 'Academic Year: 2020-2021'. The 'PROGRAMME DETAILS' section is expanded, showing a 'PROGRAMME DESCRIPTION' with text about designing mobile applications and a real assignment. Below this are sections for 'ADMISSION REQUIREMENTS', 'PROGRAMME STRUCTURE', 'ELECTIVES', 'FINAL QUALIFICATIONS', and 'STUDENT GUIDANCE AND SUPPORT', each with a 'Read more' link. At the bottom, 'PROGRAMME DETAILS' and 'DIDACTIC METHOD' are also visible with 'Read more' links.

Elective courses – 2 ECTS each

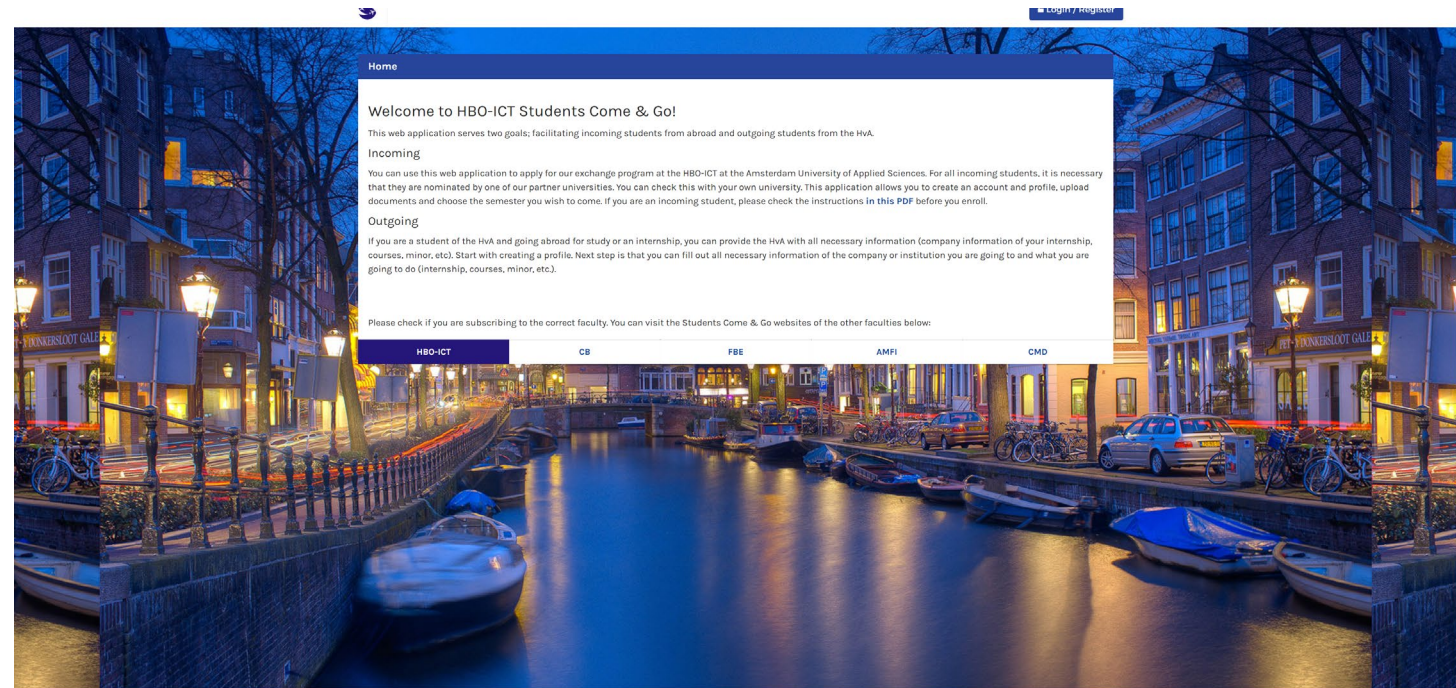

- Survival Dutch
- Communicating like a Pro
- Intercultural skills

Application

We can only process your application after you have done the following:
