SEATUC 2027 has the following four types of sessions. See the figure of session structure of SEATUC 2027

TS

1. Technical Session (TS) – Full-paper peer-reviewed, Oral presentation

Authors are invited to submit complete unpublished papers in English. Submissions should be in PDF format and within four (4) to six (6) printed pages, including figures, following the SEATUC paper format. Submitted papers will be peer-reviewed by at least two reviewers. Only accepted papers can be presented in the technical session (TS) as oral presentations and published in the SEATUC 2027 proceedings. Authors of the selected papers will have a chance to submit extended versions of their papers to SEATUC Journal of Science and Engineering (SJSE)*. Some papers may be accepted in the poster session (PS) or work-in-progress session (WiPS) as poster presentations.

*If authors plan to submit an extended version of their SEATUC 2027 manuscript to SJSE, please consider using the FastTrack option as described below.

*TS papers will be included in the Proceedings and published on the designated website. If you do not wish to have your paper published, please submit your paper to WiPS.

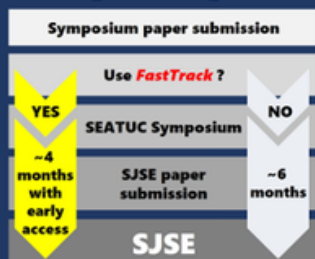

Figure1: FastTrack

SEATUC Journal of Science and Engineering Introducing **FastTrack**

A new feature of SEATUC Symposium for a fast publication of extended symposium papers on SEATUC Journal on Science and Engineering (SJSE).

Feature and Advantage:

- Exclusive to SEATUC Symposium TS papers
- Fast editing workflow of a maximum 4 months to final decision
- Early online access

PS

2. Poster Session (PS) – Short-paper peer-reviewed, Poster presentation

Authors are invited to submit unpublished short papers in English. Submissions should be in PDF format and within two (2) printed pages, including figures, following the SEATUC paper format. Submitted short papers will be peer-reviewed by at least one reviewer. Only accepted papers can be presented in the poster session (PS) as poster presentations and published in the SEATUC 2027 proceedings. Some papers may be accepted in the work-in-progress session (WiPS).

*PS papers will be included in the Proceedings and published on the designated website. If you do not wish to have your paper published, please submit your paper to WiPS.

WiPS

3. Work-in-Progress Session (WiPS) – Non-peer-reviewed, Poster presentation

Authors are welcome to submit their work-in-progress or ongoing work in English. Submissions are allowed within two (2) printed pages in one of the following formats: 1) the SEATUC paper format used for TS and PS, 2) the SEATUC abstract format, 3) 6-up printed PowerPoint slides, and 4) a 1-page poster presentation format. All submissions can be presented in the work-in-progress session (WiPS) as poster presentations and published in a restricted area accessible only to SEATUC 2027 participants.

*WiPS papers will not be made public. However, they will be included separately in the Proceedings and will be made available only to SEATUC2027 participants.

WS

4. Workshop Session (WS) – Proposal-based session

Special workshop session proposals from SEATUC member universities are welcome. Workshop organizers must submit a workshop proposal to the Co-Chair of SEATUC 2027 Workshop by the end of August 2026.

For further details, please send your inquiry to [submission inquiry form](#) in contact information section.
