【On the handling of Personal Information】

The information which provided for the application procedure such as 「name, address (contact information) , other personal information (hereinafter referred as “personal information”)」 are being used in order to notify the selection and notification of admission.

Also, the above personal information of the applicant will be used for the student life supports, learning instructions and emergency contact, after the applicant's admission.

【On the management and storage of Personal Information】

The university manages and stores personal information provided by applicants under a strict management system in accordance with the Shibaura Institute of Technology Personal Information Protection Regulations, and the university will not leak and share the applicant's personal information to any third party.

【Special Selection for Foreign Students】

As a graduate school, we are conducting Special Selection for Foreign Students with the aim of Japan's international progress, as well as understanding the international and relationship of graduate students in Japan.

I . On the Application

1. Major Name / Capacity of Application / Degree

Graduate School Name	Major/ Course Name	Degree Name	Capacity of Application
Graduate School of Engineering and Science	Electrical Engineering and Computer Science Course	Master of Engineering	110
	Materials Science and Engineering Course		40
	Applied Chemistry Course		30
	Mechanical Engineering Course		85
	Systems Engineering and Science Course	Master of System Engineering	75
	Global Course of Engineering and Science	Master of Science in Engineering	10
	Civil Engineering Course	Master of Engineering	25
	Architecture and Architectural Engineering Course	Master of Engineering or Master of Architecture	110

※The capacity number of applicants are for enrollment in Spring 2023 (not for each examination).

※Please refer to the official website for an overview of each major and admission policy.

<https://www.shibaura-it.ac.jp/en/academics/graduate-school/gces.html>

It is written in the Diploma Policy that 「3.Complete either an overseas research project for Japanese students, or an internship in Japan for foreign students.」, but however, this will be conducted and considered in a flexible way due to when the coronavirus (COVID-19) will be off and settled down.

2. Application Qualification

- 1) Those who graduated from the university specified in Article 83 of the School Education Act (学校教育法) or who are expected to graduate by the end of March 2023.
- 2) Those who have been awarded a bachelor's degree according to the provisions of Article 104, Paragraph 4 of the School Education Act (those who have been awarded a bachelor's degree from the “独立行政法人 大学改革支援・学位授与機構”) and expected to obtain a degree by the end of March 2023.
- 3) Those who have completed 16 years of school education abroad and who are expected to graduate by the end of March 2023 in a foreign country.
- 4) Those who have completed 16 years of courses in the corresponding country by taking correspondence courses conducted by foreign schools in Japan and those who are expected to graduate by the end of March 2023.
- 5) Those who have completed a foreign school program in Japan designated as equivalent to a foreign university (a foreign university designated by the Minister of Education, Culture, Sports, Science and Technology).
- 6) Those who have been awarded a degree equivalent to a bachelor's degree at a foreign university or other institution, by completing a course of study of three years or more (five years for a doctoral program in medicine, dentistry, pharmacy, or veterinary medicine).
- 7) Those who have completed a special course of vocational school (limited to 4 years or more of study period and other criteria that meet the criteria set by the Minister of Education, Culture, Sports, Science and Technology) designated by the Minister of Education, Culture, Sports, Science and Technology separately, or those in the special course who are expected to graduate by the end of March 2023.
- 8) A person designated by the Minister of Education, Culture, Sports, Science and Technology (the Ministry of Education Notification No. 5 in 1954) or have equivalent qualifications by the end of March 2023.
- 9) In addition, those who have been recognized by the Graduate School of Science and Engineering Committee that they have at least the same academic ability as those who graduated from a university. (Note 2)

(Note 1) If you have inquiry on which application meet your qualification , please be sure to consult in advance.

(Note 2) If you do not meet any of the application qualifications (1) to (8), you will receive an “Pre-Qualification of Application” prior to the formal application. If you pass the “qualification of application examination” and are recognized to have at least the same academic ability as those who graduated from university, you can formally apply as application qualification No. (9). For more details, please refer to II. Accreditation of application qualification (only to applicable persons)”

3. Procedure of Application

- 1) Contact the preferred supervisor you would like to pursue the degree and discuss on the examination requirements and research project content. Also, obtain the supervisor's consent in accepting you to be part of the supervisor's research laboratory if you are being accepted for the admission.
- 2) Download the application guidelines and read them carefully.
- 3) Prepare the necessary documents and convert them into data as instructed by the application guidelines.
- 4) Encrypt required information with a password and upload the required documents within the online application system acceptance period.
- 5) During the online application system acceptance period, request the supervisor who agreed to accept you to issue an acceptance letter.
- 6) (Beside the current students) During the online application system acceptance period, make a request for recommender to create a recommendation letter.
- 7) Pay the examination fee during the online application system acceptance period and check your application thoroughly on any defects or incomplete information before you confirm your application.

※5), 6), 7) please be sure to complete all procedures by specified application deadline

< Note >

Before proceeding with the application, the applicant must first contact supervisor whom he/she wish to pursue their research study. You should discuss about the research plan, interview session and obtain the acceptance to enter the research laboratory. If you have no means to contact him/her, email documents specified below to the section-in-charge.

(Make an introduction statement email so the section-in-charge may directly forward the email to the preferred supervisor)

1. [Admission Consultation Sheet](#) (Please download the Excel file.)
2. CV (Education background, work experience etc. / Any format is acceptable.)
3. Summary of previous research and Research Achievement (Any format is acceptable.)
4. Research Plan (Any format is acceptable. / Designated forms posted on the [Application guideline page](#) is also acceptable.)
5. Certificate (or Prospect) of Graduation ※Must be described in Japanese or English
6. Transcript Certificate ※Must be described in Japanese or English

As it will take time in contacting and getting the feedback from the supervisor, our new referral date for the deadline is **September 16th (Fri.) 2022 12:00 (JST)**. Please take note that the submission after the date is not accepted.

※Application is not accepted if there is no acceptance from the supervisor.

※Please note that depending on the availability of the supervisor, it may not be possible to set up an interview and obtain acceptance permission even if you contact the supervisor before this date.

※Please note that some department of the Architecture and Architectural Engineering Course require pre-interview with the desired supervisor at least 15 days before the end of the application deadline.

1. Examination Schedule Date/Time/Venue of Examination

- Selection is done by document assessment and oral examination.
- Acceptance judgement is based on the submitted document and an oral examination. Applicants will be required to take an oral exam regardless of evaluation based on the document assessment.
- The date and time of the oral examination will be notified by **November 12th (Sat.)**, after accepting the application and setting the interview order. We are sorry, but there is no possibility to select or wish to have the oral interview on the Applicant's preference date and time.
- All oral examinations will be conducted online. Applicants are requested to prepare a PC, communication environment, web camera, microphone, and a tranquil environment in order to take the exam online.

Major Name	Oral Interview Date	Venue of the Interview
Electrical Engineering and Computer Science Course	November 19th 2022 (Sat.)	Conducted online using Zoom, the web conference service
Materials Science and Engineering Course		
Applied Chemistry Course		
Mechanical Engineering Course		
Systems Engineering and Science Course		
Global Course of Engineering and Science		
Civil Engineering Course		
Architecture and Architectural Engineering Course		

< Notes >

Shibaura Institute of Technology will implement the spring semester of graduate school entrance examination by using the web conference service application of Zoom. Candidates are required to prepare accordingly as follows.

(1)	The interview takes place via Zoom. SIT uses Zoom to conduct the video call. There is no need to set up an account for the Zoom Application, but applicants may need to install the application at your PC.
(2)	<u>Applicants have to be aware of the procedure practiced for the internet connection and are responsible for preparing device (PC, web camera, microphone).</u> No matter what the reason including technical problem with wireless connection or device, the examination result is not considered by the issue.
(3)	Interview will take place on November 19 th (Sat.). The detailed schedule shall be informed one week prior to the examination date
(4)	At the online interview, applicants are required to provide an ID certificate (e.g., passport) to be identified by the admission staff. Only ID certificate written in English and with a face photo can be acceptable.
(5)	The candidates will be rejected at any stage, if he/she is determined to have made a false on admission procedures.

2. Entrance Examination Fee

The Entrance Examination fee is 35,000 yen. The payment method is by convenience store payment or credit card payment; hence payment by other means cannot be accepted.

The applicant (payer) is responsible for any remittance fees (please confirm the amount of remittance fees for convenience store payment or credit card payment when you pay the application fee on TAO).

The Entrance Examination fee will be 15,000 yen for those who fall under the following categories. Please do not pay

through TAO and consult with the Graduate School Section in advance.

-Those who are Current SIT student who have taken the past examination for AY2023 and are taking it again this time,

※Please note that once the application fee has been paid, it is non-refundable for any reason.

The application fee is non-refundable once it has been paid.

However, if any of the eligible reasons apply, the application fee may be refunded upon request.

If you wish to apply for a refund, please refer to the following and submit your request by the deadline.

(1)If the applicant has paid the application fee but has not submitted the application document.

(2)If the application fee was paid and the application documents were submitted but not being accepted.

(3)If there is case of double or excessive payment of the application fee by mistake.

- We could not cooperate at all about any correction and substitution of documents which you have submitted.
- After the application, you cannot change the application details (year of admission, major, supervisor and etc.)
- If there is a forgery, a false statement or bribery in the documents / documents submitted at the time of application, etc., it may be regarded as fraudulent, and the result of the entrance examination may be invalidated. Also in this case, the submitted documents, documents, etc. and the admission fee will not be refunded.

4. Examination Contents

The examination format and contents for each major are described as follows:

For Architecture and Civil Engineering Course and Systems Engineering and Science Course, there are further instruction based on which department/faculty you are belong to. The list of faculty and supervisors who are affiliated to the faculties are listed in the 「III. Education Research Field and Supervisor List」 which is uploaded on the website (URL: <https://www.shibaura-it.ac.jp/en/study/graduate/guideline.html>). Please determined which faculty/ department and supervisor you wish to belong to in the mentioned list.

■Electrical Engineering and Computer Science Course

Oral Examination Implementation Format	The oral examination will be held for 25 minutes of presentation (15 minutes) and a Question & Answer session (10 minutes).
Preparation Materials	Prepare materials for a presentation and be well prepared to present them by screen share during the oral exam.
Contents of Questions	The presentation should explain the following: (1) Reason for pursuing to Graduate School : about 3 minutes (2) Graduation research contents : about 9 minutes (3) Research Plan for Graduate School : about 3 minutes If graduation research is not conducted, the content should indicate the ability to conduct research in pursuing to master's program. In addition, the research plan should include research results such as literature and papers related to previous research.
Others	

■Materials Science and Engineering Course

Oral Examination Implementation Format	The oral examination will be held for 15 minutes of presentation (5 minutes) and Question & Answer session (10 minutes).
Preparation Materials	In the presentation, explain the following three points: 「Reason for Application」, 「contents of graduation research」, and 「research plan for Graduate School」. If you wish to make a presentation using PowerPoint, be prepared to present it by screen share during the oral exam.
Contents of Questions	Questions will be asked in response to the presentation.
Others	

■Applied Chemistry Course

Oral Examination Implementation Format	The oral examination will be conducted in 20 minutes, with oral presentations using PowerPoint (5 minutes) and Question & Answer session (15 minutes).
Preparation Materials	Prepare a PowerPoint presentation about graduation research, focusing on the background, purpose, significance, research plan, and experimental (research) progress (results). (The pages number depends on you, but just to make sure that the presentation should be

	less than 5 minutes)
Contents of Questions	5 minutes of PowerPoint presentation. 15 minutes of questions about basic academic skills, mainly about the background of research, and questions and answers about research and motivation for applying. Total is 20 minutes.
Others	

■ Mechanical Engineering Course

Oral Examination Implementation Format	The oral examination will be conducted for 12 minutes, consisting of presentation (5 minutes) and a Question & Answer session (7 minutes).
Preparation Materials	Prepare a PowerPoint presentation on the following questions and be prepared to share the presentation on the screen during the oral examination. For matters on pursuing the research laboratory, it is advisable to consult with the supervisor.
Contents of Questions	In presentation format, explain on 「reason of application」, 「content of graduation research」 and 「research plan in pursuing the study」. Include related content such as, engineering ethics, awareness of communication and management skills in the presentation. In the Question & Answer session, questions may be asked about basic research skills and expertise in specialized fields.
Others	

■ Systems Engineering and Science Course

Oral Examination Implementation Format	15mins of oral examination: PowerPoint Presentation (5mins), Question & Answer session (10mins)
Preparation Materials	Depends on the supervisor. If there is an instruction to prepare any materials, please prepare as instructed.
Contents of Questions	<p>【Machine Control Department】 The presentations is to focus on 「reason of application」 and 「research plan」. Also write in and present on 「weekly scheduled at graduate school and laboratory」 (from what time to what time you will be able to do research / be in the research laboratory).</p> <p>【Electronic Information Department】 The presentation will be conducted based on the themes of 「reason of application」, 「current research (progress and results)」 and 「research plan for graduate school」, and evaluation will be based on the suitability of the person to graduate school, including from the Question & Answer session.</p> <p>【Social and Environmental Department】</p>

	<p>The presentation will be conducted based on the themes of 「reason of application」 , 「current research (progress and results)」 and 「research plan for graduate school」 , and evaluation will be based on the suitability of the person to graduate school, including from the Question & Answer session.</p> <p>【Life Sciences Department】</p> <p>The presentation will be conducted based on the themes of 「reason of application」 , 「current research (progress and results)」 and 「research plan for graduate school」 , and evaluation will be based on the suitability of the person to graduate school, including from the Question & Answer session.</p> <p>【Mathematical Science Department】</p> <p>The theme of the presentation will be based on 「reason of application」 , 「the contents of the mathematical sciences you are currently studying」 , 「research plan for graduate school」 and 「your future outlooks after completion」 . The Question & Answer session will focus on confirming the presented presentation contents.</p>
Others	The oral examination will be given at a time that considers the time difference with the local area as much as possible for students who are in the labs of supervisors who are on overseas business trip or studying abroad.

■ Global Course of Engineering and Science

Oral Examination Implementation Format	The total time of oral examination is 20 minutes. It consists of two sessions, a 10-minutes presentation and a 10-minutes Question & Answer sessions.
Preparation Materials	<p>In the presentation, please be sure to include the following points;</p> <p>(1) your motivation of joining the Global Course of Engineering and Science</p> <p>(2) objective and key results of your bachelor's degree research. If there is any, please explain the relation between your past research and the proposed master's degree research project.</p> <p>(3) objective, research plan and schedule of your master's degree research project.</p> <p>Please include your plan for study abroad (Japanese students) or internship (International students) in your schedule.</p>
Contents of Questions	Questions will be related to basic science and engineering knowledge of your bachelor and proposed master's degree research project.
Others	Please make an appointment with your supervisor and discuss the plan and schedule of your master's degree research project.

■ Civil Engineering Course

Oral Examination Implementation Format	The oral examination will be held for 10 minutes of presentation (5 minutes) and Question & Answer sessions (5 minutes).
Preparation Materials	Presentations will be conducted using PowerPoint.
Contents of Questions	In your presentation, please explain your research for your graduation research and your research plan for your master's thesis.

III. Education Research Fields and Supervisors List

· If you wish to be supervised by supervisor with a © in the remarks column, it is necessary to set up a second supervisor designated by that supervisor. On this matter, you have to consult the supervisor in advance.

· Lecturers who do not have “Supervisor” status listed next to their names will be “Co-supervisor”. If you wish to receive guidance from the lecturer, please take note that you need to obtain approval from a lecturer which listed as “supervisor”. Therefore, beside the co-supervisor, you need to have another lecturer to become your “supervisor”. This means you will be guidance by two supervisors (Supervisor and Co-Supervisor).

(Please see the “List of Academic Staff”)

IV. On the Acquisition of Status of Residence as “Studying Abroad”

Foreign students who are permitted to enter Shibaura Institute of Technology can apply for the status of residence as “Student”. Please take note that you cannot be enrolled at a university for the purpose of staying of a “short stay”.

Please read the following information carefully, and if you fall under any of these conditions, please go through the necessary procedures such as renewal period of stay, change of status of residence, application for certificate status of residence and etc.

Current Condition	Required Procedures
1) Having the status of residence as “Student”	If necessary, please apply for permission to renew your period of stay. This procedure can be carried out 3 months before the expiration date of the status of residence period.

2) Having the status of residence as “Short Term Stay”	As a general rule, you have to fly out from Japan once and apply for the status of residence of “Student” from other country or your country of residence. For more details, please refer to “4. I do not have status of residence”.
3) Have a status of residence other than “Student” or “Short-term stay” ※ “Settlement person” “family stay” “dependence” or etc.	There is no particular process is needed, means you can enter with the current status. But if you wish to change your status of residence to “Student”, please apply for “Change of Status of Residence”.
4) Not having status of residence (New acquisition of status of residence)	To apply for a status of residence, you must first apply for a Certificate of Eligibility (CoE) from the Immigration Bureau in Japan. Shibaura Institute of Technology applies for the COE on behalf of the student in Japan. Once the CoE is issued from the Immigration Bureau to Shibaura Institute of Technology, it will be mailed to the applicant. After you received the CoE, apply for a “Student” visa (status of residence) at a Japanese embassy or consulate in the country or country of residence within the valid period of the CoE.

For “Application for Renewal/ Extension Period of Residence”, “Application for Change of Status of Residence” and “New Acquisition of Status of Residence”, application documents with a seal from Shibaura Institute of Technology are required. These documents can be issued to those **who passed the entrance examination and paid the admission fee.**

It takes several days to issue the required documents. Therefore, please contact in advance according to the following guidance.

■ About necessary documents for the application of status of residence’s issuance procedure

- ① After passing the entrance exam, please follow the instructions to pay the admission fee
- ② Please send an email to the Graduate School Section <daigakuin@ow.shibaura-it.ac.jp> with the following contents.
 - Examination number, name
 - Necessary procedure name (Period of extension of period of residence, application for change of status of residence or new acquisition of status of residence)
 - Attachment of scanned data of residence card (only in case of application for permission to renew period of residence / application for change of status of residence)
- ③ After confirming the status of payment transfer of the applicant’s admission fee, Shibaura Institute of Technology Graduate School Section will issue the required documents. We will inform by email on the issuance date of the documents, therefore please come to Graduate School Section to collect the document for your next procedure of application (for the issuance of CoE by the Immigration Bureau, we will deliver the CoE by EMS airmail to your home address).

The issuance of status of residence procedure takes weeks to complete. Make sure each student is responsible for managing his / her period of stay and taking necessary procedures accordingly.

【Special Selection for Working Adult】

As the graduate school of Shibaura Institute of Technology, we hope to contribute to the advancement of lifelong education in society, and to promote the education and research activities at our graduate school.

<Scope and definition of Working Adult>

- (1) Engineers and researchers with more than 1.5 years of experience in the front lines of society such as companies, research institutions and educational institutions
