We had a global PBL at Germany. The participants of SIT was mainly 2nd grade and 3rd grade undergraduate students. We stayed in Freiburg for three days and Munich for five days. It was held during 25th of October to 3rd of November 2019. In the city of Freiburg, we visited a car-free zone in the Vauban district. We also visited schools and heard about the efforts of Food Loss. In Munich, We listened to a lecture on climate change at the Technical University of Munich, visited Arnulfpark in the redevelopment area, and visited hydroelectric power in the Isar River, and conducted group work on SDGs at a workshop.
