"Exchange program with MARHI (b)" and "(a)" had been held for the last 20years by SIT and MARHI. The place of the program had been changed one after another year among each country, and "Exchange program with MARHI (b)" in 2019 was taken place in Russia. 10 students with 1 teacher from japan and 11 students with 2 teachers from Russia took participate it. MARHI,which is the most high grade architecture univrsity in Russia,selected 11 best students in 2019 for this program so that all of them had an eceslent ability with strong intense as usual students in the past. 5 groups,of which each group incrudes 2 japanese and 2 russian,tried to design an international facility for 4 weeks.
